Article I.

Scope of application

1. The Scale of Fees was issued in compliance with article 11 of Part I of the Rules of Operation of Centrálny depozitár cenných papierov SR, a.s.
2. The Scale of Fees sets fees (hereinafter also “price”) for core and ancillary services provided by CDCP in compliance with granted authorisation and according to the list and specification of services published on CDCP web page.
3. The Scale of Fees specifies costs that CDCP claims against entitled persons in connection with fulfilling of information duties according to article 110 of the Act and other special legal regulations.

Article II.

General rules for fee calculation and invoicing

1. Fee for service is set as fixed fee or by calculation according to stated formula. Example calculation is provided for relevant item of the Scale of Fees if fee calculation is applied.
2. CDCP is entitled to require an advance payment for provision of service and to perform the service only after receiving the advance payment.
3. If request for service can be submitted electronically, special fee for provision of service is specified in the Scale of Fee for such item. In case of request for service placed via the CDCP Portal, CDCP will apply price set for provision of service based on request placed in written form.
4. Final fee for service is set / calculated on the day when service is provided/executed in compliance with rules defined in this Scale of Fees.
5. In case calculation of price is based on value in currency other than EUR, CDCP shall use exchange rate of such currency to euro set by the European Central Bank to convert given value. In case the value is specified in SKK, CDCP shall convert given value by the conversion rate of EUR to SKK.
6. In compliance with the Act No. 222/2004 (Coll.) on Value Added Tax in wording valid at the moment of service provision CDCP adds value added tax to the final price of the service, except services exempted from VAT. In case legal regulations governing VAT should change, VAT will be calculated in compliance with amended legal regulation applicable on the day of service provision.
7. The final price of provided services shall be rounded off in compliance with the Act No. 18/1996 (Coll.) on Prices as amended.
8. The payment for provided services is made in form of money transfer, cash on delivery, or in cash at relevant office of CDCP on the basis of an issued invoice. Participants in CDCP pay for provided services based on issued invoice and in compliance with relevant agreement concluded between participant and CDCP.
9. The client has to provide necessary identification data with the payment, namely IBAN for an account and variable symbol that allow unambiguous identification of the payment if the payment of fee is made in other method than in cash. The identification data are usually stated in the invoice for provided service.

10. CDCP states in its invoices a code of service or abbreviated name of the service what allows comparison of invoiced fees with the Scale of Fees.
11. With regard to delivery of service outputs CDCP claims and charges also for costs related to delivery of the output (including C.O.D fee) in compliance with valid pricelist of the Slovak Post Office.
12. Detailed payment and invoicing terms can be specified in an agreement concluded between CDCP and client in connection with provision of services, or in relevant general terms and conditions.
13. Price for services shall be set by an agreement between client and CDCP in case of a request for services, special action based on client's request and statistical data from the CDCP's registry not included in this Scale of Fees, but related to CDCP's scope of activity.
14. In case CDCP finds out, based on relevant information or documents, that the owner's account is administered for deceased person or for legal entity deleted from the Companies Registry due to cessation without successor in title, CDCP will not issue an invoice to such person/entity.

Article III.

Special provisions on selected fees and additional fees

1. Additional fee for preferential processing of request for service based on client's request according to the Rules of Operation of CDCP shall be paid by the client for preferential processing from view of order of request processing. CDCP shall not refund the additional fee in case of rejection of the service or if service is executed in period longer than preferential period for execution of service stated in the client's request.
2. The client can ask for preferential execution of service according to the Rules of Operation of CDCP only together with request for preferential processing of request for service. The client shall pay for additional fee for preferential execution of service by client's request together with respective fee for required service. If the additional fee was paid in advance before provision of service and service was not executed preferentially for reasons on the part of CDCP, CDCP shall refund the fee to the client. The client has to pay additional fee for preferential execution of the service also if the client was informed during preferential processing of the service that it is possible to execute the service preferentially, however the service was executed later due to obstacles on the part of the client (e.g. the client didn't come to CDCP for preferential execution of the service on appointed date).
3. To set price for administration of an account CDCP shall calculate value of securities as sum of products of number of securities and of the nominal value of each issue held on the account. In case of issue of shares without the nominal value, sum 1.00 EUR will be used as nominal value of the issue. For units of a unit trust CDCP shall calculate the value as product of initial price of one unit and number of units in one participation certificate and number of participation certificates from given issue on an account.
4. Calculation of price for administration of an account CDCP shall not include following securities to securities value in respective month:
 - a) debt securities after maturity date that was recorded in CDCP during registration of an issue; in case of premature redemption of debt securities, calculated value of securities for

respective month will not include securities which were debited from an account before the end of respective month, bond securities issued under par. 19a of the Act 530/1990 Coll. as amended,

b) securities debited from an account in given month in connection with cancelation of registration of an issue due to dissolution of an issuer without successor in title.

5. CDCP calculates administration fee for owner's account of a participant, holder's account and client's account on the last day of each calendar month and issues an invoice after lapse of each calendar month. If value of securities in an account is 0.00 EUR or the account was cancelled on the last day of calendar month, administration of an account is free of charge. Provision of section 6 of this article shall not apply to administration of an owner's account of a participant.
6. Administration fee for owner's account is created by sum of 12 prices calculated on the last day of each calendar month in the calendar year. If value of securities on an account is 0.00 EUR or the account was cancelled on the last day of calendar month, administration of an account is free of charge for given month. CDCP issues an invoice for owner's account administration fee after lapse of given calendar year.
7. In case of securities held in the special registry of securities CDCP is entitled to classify the foreign securities as debt securities or equity in compliance with character of the security.
8. If CDCP in one calendar year issues invoices to a specific issuer for services according to the article IV., sections 2.2.1(a) and 2.2.2 minimally in total value according to the following table, such issuer shall be given respective discount specified in mentioned table from the price of each other service according to the article IV., sections 2.2.1(a) and 2.2.2 provided in the same calendar year. Discounts pursuant to this section shall not be cumulated and CDCP shall provide the discount from the total value in the invoice for the services issued after the invoiced value threshold was exceeded. The discounts are provided only to the specific issuer and not to the issuer agent or to issuers from linked property group.

Value of invoiced sum without VAT in the calendar year (threshold)	Discount in %
250,000.00 EUR	10%
500,000.00 EUR	25%
1,000,000.00 EUR	50%
2,000,000.00 EUR	80 %

9. CDCP does not apply prices according to this Scale of Fees to services provided in connection with transfer of assets of clients and participants of other central depository to CDCP under the article 20 (5) of the Regulation (EU) No 909/2014 of the European Parliament and of the Council of 23 July 2014 on improving securities settlement in the European Union and on central securities depositories and amending Directives 98/26/EC and 2014/65/EU and Regulation (EU) No 236/2012, and under article 101 of the Act; CDCP shall mark these services in its register.
10. CDCP does not apply fees according to this Scale of Fees to services performed in connections with acquiring of securities issued under par. 19a of the Act 530/1990 Coll. on securities as amended on the primary market by an individual.

11. CDCP charges the price according to article IV, section 5.3 to each participant after lapse of respective calendar month. In case CDCP had withdrawn access of a participant before end of a calendar month, CDCP shall charge such participant aliquot part of the price computed as a number of business days, during which the entity had the participant's access, multiplied by the quotient of the price from the Scale of Fees and number twenty-one as a number of business days.
